News From Your TOWN HALL

Aside from employing an engineer for the handling of the Water Works additions, the Town Fathers had a volume of other business.

All twenty-one of the Town's employees on the payroll were officially reemployed by ordinance.

The Police, fire and administration department have 14 employees and the Water Works have 7, with a combined monthly payroll of \$3565, giving a sizeable business.

The Town has only service to offer its customers. The water works' employees are all scheduled to the one thing—that of seeing that you get the best water obtainable under the circumstances.

The Fire Department, under Chief Wills, starts before the fire, for they inspect your premises and make suggestions about how to prevent fires, as well as hurry to your place to put out a fire. They have a hand in the regulations for building with a eye to the use of materials and methods of construction to prevent fires.

The police department gives service to some of its customers—and a majority of them, at that—just get a bit topsy with your water some, get a little something, some sing, some talk and use profanity and earn a ride to the clinic. Some can't quit when the doctor is slammed on them and have to be accommodated with a cell further from the ears of the public and equipped with curative properties—the solitary box or sweat box.

"Dis sweet box makes you get right wild yourself and everybody else," says one former occupant. "You just naturally take the turf." Well, that's SERVICE.

A Service organization, taking in about \$125,000 annually, with a very generous profit—which is used to increase the service, is quite a business.

Isn't it just a wee bit screwy to have that business run by a bunch of five busy men during their spare time, free for nothing? A lot of details must be overlooked, or those chosen must neglect their own business, which most of them do now.

Wouldn't a Manager, operating under the direction of a Board of Directors—the Commission in this case—be more sensible? You might get your directors to serve free for nothing because of their stock in the company, but we'd say a full time business man would be needed to ramrod the job.

Legion Auxiliary Committee Named

The American Legion Auxiliary held its regular meeting in the office of Dr. W. J. Buck with Mrs. Esther Harris presiding. The following standing committee chairmen were named: Mrs. George Farnell, membership; Mrs. William Allen in South Bay and Mrs. George Taylor in Belle Glade; Poppy sales; Mrs. Bryant McLendon, publicity; Mrs. Ralph Freeman, child welfare and rehabilitation; Mrs. Thomas Breger, Red Cross; Mrs. Allen, Americanism; Mrs. Herbert Beck, legislation; Mrs. Frank Morris, Junior Auxiliary; Mrs. Roy Alsop, community service.

Mrs. Allen, Mrs. Farnell and Mrs. Lawrence will be appointed on the executive committee.

The membership chairman announced plans for a membership drive to be launched immediately and work for the year was discussed.

Local Jazz Band To Play Sat. Night

Pop's Music Makers will perform at the local Country Club of the Everglades Saturday night for the benefit of the Club members who have an itch to jive a bit, and their friends.

Neat, Pop and Little Dee will blow forth from nine until they are asked to evade the importunities of the tedious for "just one more."

Prospective customers are warned, however, that the price of the high fee necessary to pay the orchestra any overtime performance will be "in addition" to the regular fee.

Fla. Power & Light Will Provide More And Better Service

Lap To Be Made With Lauderdale Plant To Insure Regular Service

Work is to start in the immediate future on a 66 Ky transmission line, which will link the entire Glades area directly with the huge Lauderdale steam electric station of Florida Power & Light Company and serve this important agricultural area from two directions, the Company announced today, thru its Glades Manager, P. Paul DeMoya. Completion of the new line will not only make vast additional quantities of electric power available in the area, but making a direct link with the huge generating plant as it does, it will insure greatly improved service. The project has been approved by the Office of War Utilities and the approval of this governmental body makes it possible for the Company to obtain priorities for the necessary new materials and also to go ahead with the actual construction work.

When completed, the Glades area will be a part of the loop of high-voltage lines extending along the new Highway 26 from the Lauderdale Steam Electric Station, along the shores of Lake Okechobee to Okeechobee, connecting there with the cross-state line between Ft. Pierce and the west coast, and extending on down the east coast to the Lauderdale Electric Station. At present, the Glades area is served by a line which taps the Florida Power & Light Company's cross-state line at Okechobee. The new line will be completed on page 5.

Dr. Thos. E. Will's Documents and Papers In University Library

In 1910 Dr. Thos. E. Will, representative of the Federal Forestry Service with instructions to examine the Everglades including laws, land grants, explorations, dredging, attempted development and whatever there was in folklore or in written form. This and several other official visits led the Doctor to become interested in the work lands, and even to the point of considerable investments. Land swindlers had flourished on the incredulous by selling tracts, undeveloped and impossible of water control or drainage as it was then considered. There were numbers of incidents.

Dr. Will's information included the names of 4860 original owners of the land in the Glades. The total of his harvest of information was voluminous and historical, probably unduplicated for future students of history.

The Historical Library of the University of Florida heard of the collection being held by Lawrence, his son at Belle Glade, and sent Mr. Patrick to investigate. He came, he saw, and he went away with a one ton truck load.

In a letter to Lawrence, Mr. Patrick said: "We realize the importance of his collections. His realization of the value of these resources will enable our future citizens to have a clear picture of the origin of our culture in the Everglades."

Dr. Will's work and life in the Glades offers interesting stories of earlier days and will be the subject of future articles in the Herald.

The membership chairman announced plans for a membership drive to be launched immediately and work for the year was discussed.

Former Rams

Discipline, team work, physical conditioning and "playing the game" for all you're worth emphasized in High School

The discipline, team work, physical conditioning and "playing the game" for all you're worth emphasized in High School is paying dividends to the boys in uniform and to the Community they represent. Our boys are launching the '44 schedule today and win, lose or draw it's wonderful experience for all the boys. It's up to you and me to support their efforts, encourage them to participate in their efforts to help themselves and the team—BUY A SEASON TICKET—BUT TWO SEASON TICKETS—BUY ONE FOR EACH MEMBER OF THE FAMILY.

Gesu First Home Game Next Friday Afternoon

Belle Glade opens its official football season with the first game at Stuart tonight at 8:15. For the past week the Rams have been working on fundamentals, blocking and tackling. They do not have enough material for scrimmage and much of their practice work has been done in scrimmages and much of their scrimmages, but the boys seem determined to put up a good fight and according to Coach Cook, are doing some fair practice work.

Last Thursday the entire squad went to West Palm Beach and scrimmaged with the Wild Cats and made a good showing. Next Friday the Rams will play their first home game for this season with Gesu of Miami.

Principal Frank Hobson said the sale of season football tickets is going slow, and that next week he plans to put them on sale at Mike Murphy's drug store so that those who have not been contacted by high school students will have an opportunity to purchase them.

Squad making trip as follows:

Coach: Eggleston, Lutz, Harris, Cherry, Waddell, Helms, McDonald, Jeffries, Kent, Newnan, Matthews, Lloyd, Harrison, Goggin, Bearden, Kirkham, Pike, Wedgworth, Williams.

Line Up:
Center: L. E. Lloyd, L. T. Pike, G. Harris, C. Jeffries, R. G. Waddell, R. T. Kirkham, R. B. Wedgworth, C. Bearden, R. H. Cherry, L. H. Lutz, F. B. Cook.

The squad leaves at 5:30 to day for Stuart.

Pep Club Organizes And Elects Officers

The Pep Club held its first official meeting Tuesday, September 26. This year the Club is to be operated on an honorary basis. All students must maintain a C average in order to remain members. The present Pep Club will adopt a constitution and by-laws governing eligibility for its members.

In The Service

Summary of Savings Bond Redemption

(1) United States Savings Bonds (so-called "Baby Bonds") Series A, B, C and D were first issued March 1, 1935. They were withdrawn from sale April 30, 1941. Cumulative sales during the six-year period aggregated approximately \$4 billions. Redemptions through July 31, 1944 totaled \$765 millions, or 17.40 per cent of amount issued. In other words, \$2-60 per cent of the \$4 billions invested in Series A, B, C and D bonds is still invested in them.

(2) United States Savings Bonds (Defense and War) Series E, F and G were first issued on May 1, 1941. Since that date through July 31, 1944 the amount issued totaled \$36,282 millions. Redemptions through July 31, 1944 totaled \$3,334 millions, or 9.2 per cent of amount issued. Therefore, 90.78 per cent of the funds invested in Series E, F and G bonds which they were first offered for sale is still invested in these bonds.

(3) United States Savings Bonds (Victory Bonds) Series J, K and L were first issued on July 31, 1944 aggregated \$25,677 millions. Redemptions through July 31, 1944 totaled \$3,045 millions, or 11.86 per cent of total amount issued.

On July 31, 1944, \$8.14 per cent of the \$25,677 million (Series E) issued remain in the hands of the public.

Manager, Beverly Lutz; Secretary, Frances Mulvih; Treasurer, Dorothy Layton. The following are the cheer leaders: M. Catherine Knight, Peggy Rawls, Norma Weeks, Cloyd Fessenden, Sunny Smith.

Patricia Whidden Has Dinner Party

Patricia Whidden entertained at the home of her parents, Mr. and Mrs. A. R. Whidden, Tuesday night with a dinner party.

Service Men who FIGHT and WRITE

SISOT FLOYD T. ASHLEY Staff Sergeant Ashley has received this promotion from the rank of sergeant and is stationed at Fort Jackson, S. C. He spent a 48 hour leave here last week end visiting Mr. and Mrs. Walter Ashley.

CPL. PAUL TEAGUE Corporal Teague spent a brief furlough here with relatives en route from Ft. Worth to Greensboro, S. C. He has just written that he is at his post of embarkation and expects to spend some time here.

GORDIAN L. DAVIS, Bos. "Well, here I am in Frisco awaiting transportation on to a mine sweep somewhere at sea. I have been around quite a bit since I left the Glades. I have been transferred from an L. C. Cargo ship to this duty. We won't be long before we are in Tokyo."

PFC LEWIS MOTES Private First Class James Lewis Motes has recently completed a three months training course in mechanical engineering at Fort Riley, Kansas and has now returned to his original base at Camp Atterbury, Indiana. He is the son of Mr. and Mrs. R. M. Motes.

City Fathers Hasten Action On Additions To Water Works Plant

Engineer Employed To Resume Work Within Ten Days And Stay With It

By an unanimous vote, after several hours of meticulous investigation into his past record of performance, professional ability, immediate availability and desirability, the Town Commission employed Mr. Dodd as Designing and Supervising Engineer for the extension, additions and enlargements of the local water system Wednesday night.

Mr. Dodd, a member of the State and National water engineering societies, has a record of completed water works as a designer to his skill and experience in that line, among which are Venice, Sarasota, Bradenton and numerous installations with the several Service Camps throughout the State.

He, and Dr. Black of the University of Florida, a Consulting Water Chemist, collaborated in the design of a survey to determine the closest point in the Lake from which water might be drawn for the Town's use. A site about a mile and a half north of the Torrey Island bridge was proven to be the best source of water. It was obtained, there, only about three feet of the year due backflow of canal water contaminate the dyke between water to any appreciable extent.

The alternate is to go five miles farther out—to the north end of Kreamer Island—at an additional cost of more than \$80,000 aside from the additional cost of pumping.

Mayor Baker and Mr. Risk, the Water Commissioner, made certain from the engineer that the pipe line could proceed immediately—well as quickly as the bonds may be validated, is a very important matter, which the chemical treatment in the laying will be lessened and a greater supply of water be available.

It was very important in granting for water works construction, and especially in a community wholly dependent on agriculture, that the water supply be available.

It was decided that to encourage the attendance of the ladies as well as the men, there would be a feed of some sort. No decision was made, but a discussion between a barbecue and a pot-luck supper was had.

The entertainment committee gave the job of taking care of this phase of the meeting.

Inter-city Meeting Of Rotary To Be Held At County Club

A. E. (Slick) Kirchman announces that there will be a mid-day meeting on Friday, October 13th of the Rotary Clubs of Palmetto and Belle Glade in an annual affair known as an inter-city meeting.

Permission was received from the Board of Directors of the County Club to have the meeting at the Clubhouse because of the size of the prospective meeting.

Resources Development Board Membership Is Surprisingly Growing

Although no active campaign has been begun in the Glades in reports coming in from West Palm Beach indicate that voluntary membership are coming in faster than anticipated, and particularly from the list of larger contributors.

One sizeable firm has sent in a check for \$750 for the current year and promises an annual contribution of \$1,000; another sends a check for \$250 for a sustaining membership and \$75 for each of its branches in three county towns.

Ralph Blank, Executive Secretary, does not anticipate any doubt as to raising the necessary funds. He is anxious, however, to secure as many individual memberships as possible.

A. E. Kirchman, local Chairman, the Membership Committee, announces that an active campaign will be undertaken beginning the coming week.

The general Committee has met and set a tentative number of memberships for the county, both for a definite amount of money with which to operate and to secure a definite number of members.

Slack Suit Useful and Will Save Money for War Bonds

Every well-rounded wardrobe should include a slack suit. They are practical and appropriate whether you play golf or work in a defense plant. Smart in its simplicity, it is this outfit of brown slacks and jacket with belt front worn by a Powers model. You will want to make and wear it and buy War Bonds with the money you save by saving. A slack suit may be obtained at your local store.

Robert Watts.
Miss Margaret Haines has returned from Allentown, Pa., where she spent the summer with relatives.

Rev. and Mrs. Jay O. Jamieson and son, Edmond, have returned from McAllisterville, Pa., where they visited Mr. and Mrs.

Mr. and Mrs. William Guignon and children, Lu Ann and Sammy, of Burlington, N. C., have come here to establish their home. Mr. Guignon will be associated with Wedgworth.

Mrs. Ralph Freeman and son Jay, have returned from Cleveland, Ohio, where they spent several months.

William C. Lord and Neil DePamphils have returned from a two weeks vacation trip to North Carolina.

Mrs. Olive Boone Boone and baby have come to Tampa to visit her parents, Mr. and Mrs. C. J. Cowan.

ROScoe BRADDOCK, JR. HONORED AT PARTY
Mrs. Roscoe Braddock entertained at her home in Closest Saturday afternoon with a party honoring her son, Roscoe Jr., in celebration of his fifth birthday and anniversary. Pony rides and games were enjoyed after which refreshments were served.

The birthday cake was of yellow and green on white and individual cakes were decorated in pastel shades.
The guests included Veronica Pike, Edna Borchardt, Mary Bell Schlechter, Betty Jane McDonald, Jo Margaret Parson, Sue VanLandingham, Daphne Schreiber, Sam Fleming, Jr., Walter Miesley, John Schlechter, Mary McDonald, Willie Lee, Ronnie Cameron, John Townsend, Jimmy Dooley, Charles Royal, Melvin Lee, Peter Armstrong and Lee Braddock. Mrs. James Weirgo assisted.

ONE TABLE BRIDGE GAME IS PLAYED
Mrs. Ralph Kirk entertained at her home Friday morning with one table of bridge followed by luncheon.
The guests were Mrs. Melvin Wilber of Clewiston, Mrs. Malcolm Beddoe and Mrs. Lamar McLendon.

DEMONSTRATION CLUB HAS REGULAR SESSION
The Home Demonstration Club held its first meeting of the fall season at the community clubhouse, with Mrs. Thomas Breeger presiding and Miss Bertha Hausman, the newly appointed demonstration agent of Palm Beach County in attendance.

Plans were discussed for the year and a tentative schedule of meeting places and hostesses were set up. The next meeting will be held on October 19 at the clubhouse, after which the group will adjourn to the home of Mrs. Nell Scullen to inspect an exhibit of canned products. Mrs. Carol McDonald will be co-hostess. All members are requested to bring a new member.
There will be a demonstration given on repairing electrical equipment and cords, by a representative of the Florida Power and Light Company.
Miss Hausman demonstrated making tossed green salads and gave recipes for salad dressings.
The hostesses were Mrs. J. O. Darden and Mrs. Howard L. Hancy. Others attending were Mrs. E. H. Borchardt, Mrs. Hugh Batley, Mrs. Walter Bamford, Mrs. F. F. Browne, Mrs. William Elder, Mrs. Joe Freedlund, Mrs. Walter Hooker,

Mrs. Ralph Kidder, Mrs. R. L. Murray, Mrs. Tharold Nelson, Mrs. F. D. Stevens, Mrs. Mabel Stallard, Mrs. Roy Bair, and Mrs. E. O. Eardwood.

JUDY MURPHY HAS BIRTHDAY PARTY
Mrs. Ella Murphy entertained at her home Saturday afternoon with a juvenile party honoring her daughter Judy in celebration of her fourth birthday.

A color scheme of pink and yellow was carried out in the birthday cake and favors of the candy baskets. Games were played on the lawn and refreshments served.

Mrs. G. F. Kincaid of Palok, Mrs. Carl Cone and Miss Louise Hollingsworth assisted the hostess.

Those attending from Palok were Shirley Ann Kincaid, Valerie Greiner, Janette Spooner, Betsy Joyce Cartledge, and Richard Shackford and Sonja Harris. Those from Belle Glade were Betty Ann Pope, Walter

PIANOS

Just unloaded another car load of nice clean medium sized UPRIGHT PIANOS. These instruments were individually selected and all are of well known makes. The finish on many of them can scarcely be told from new. The actions are first class and the keys clean and white. Included were several fine self players and we have all the new tunes on player rolls for them. These Pianos can be purchased at a fraction of their original cost. Terms if desired.

SOUTH BAY BEAN CITY LAKE HARBOR

Joe Brewer stationed at Camp Walters, Texas, is home on a 15 day furlough.

Raymond Scarborough is visiting his parents here while on leave from the U. S. Navy.

Mrs. Leathen left last week for Ft. Myers after spending the summer with her son and family. Audrey Best accompanied her and returned home Saturday.

Mr. and Mrs. V. N. Greer, son, Vance, and daughter, Gloria, spent the week end in Lake Worth.

K. S. McDonald, G. M. 3 of Winchester, Va., stationed at Ft. Pierce, spent the week at the W. C. Allen home.

Mrs. J. W. Strickland is suf-

fering from the results of a bite of a venomous caterpillar like creature, the species of which has not yet been determined. It has been sent to Washington, D. C. for identification.

Mr. and Mrs. H. C. Willis, Mr. and Mrs. F. B. Willis and daughter, Frankie, and infant son left the last of the week for Duke University hospital where Frankie will be placed for treatment.

Mr. and Mrs. H. S. Emery and daughter moved from West Palm Beach to Belle Glade, Mr. Emery is principal of the South Bay schools and his daughter is a Sophomore at the Belle Glade High School.

Mrs. A. G. Thomas of Fort Pierce was the guest of her sister-in-law, Mrs. Floyd Abstein at the W. C. Allen home Sunday.

Mr. and Mrs. Everett Franz and daughter, Jennie, have re-

turned from a four months visit with her parents, Mr. and Mrs. E. G. Miles at Dalton, Ga.

Miss Marguerette Wood of White Springs, who is visiting her sister, Mrs. Josephine Bolton at Lake Harbor, visited former class mates and friends at Fort Monday.

Charles Denton and Junior Walker left Monday for Gainesville to enter Riverside Military Academy.

Mrs. George Abstein, Mrs. Abe Thomas and Miss Jean Windsor of Ft. Pierce spent Tuesday and Wednesday at the W. C. Allen home.

FORREST NORTON HAS BIRTHDAY

Forrest Norton was host at a birthday party of little friends at his home in South Bay Monday afternoon, his mother, Mrs. Forrest Norton, presiding.

In his honor, swings, lobby horses, tricycles and other toys dear to the childish heart entertained

the tots. Cake and punch were served to Veronica Pike and Laurine Anderson of Belle Glade, Linda Wilder, Johnny Willets, Wayne Harrell, Mary, Walter, Scott, Bowen, Minnie Lou Sumnerlin, Rebecca Woodward, Mickey and Jimmy Challenor, Judy Weathers, Forrest Norton and cousin Bobby.

Mothers attending included Mrs. Floyd Wilder, Mrs. Mark Willis, Mrs. J. C. Sumnerlin, Mrs. Frank Anderson, Mrs. Marie Harrell, Mrs. E. M. Willis, Mrs. J. C. Sumnerlin, and Mrs. H. B. Walker.

MARSHA WALKER HONORED AT PARTY

Mrs. H. B. Walker gave a birthday party in honor of the fourth birthday of her daughter, Marsha, at her home in South Bay Tuesday afternoon. Games suitable to the age of the children had been arranged to entertain the little tots.

Cake and punch, gum, candy and cookies were served during the afternoon to Forrest Norton, Byron Walker, Sonny Bowen, Jane Vivian Allen, Josephine and Ronald Martin, Jerry Marlowe, Mickey Challenor, Jimmie Lou Sumnerlin, Fony and Rebecca Woodward, Karen Vadez, Johnny and Barbara Jean Willis, Sandra Cooper, Judy Weathers.

Mothers attending included Mrs. Vadez, Mrs. E. M. Willis, Mrs. M. E. Cooper, Jr., Mrs. Burton Woodham and Mrs. N. Norton.

BLESSED EVENT

Mr. and Mrs. Lorenzo Connell glades Memorial hospital in Palooka Sunday afternoon. Before her marriage Mrs. Connell was Miss Gene McWhorter. They are announcing the birth of a son, Lorenzo, Jr., at the Ever-

Mr. and Mrs. Terrell Lee (Tommye Carl) of South Bay announce the birth of a daughter, Laura Lucille, at the Cleveland hospital, September 23.

Mr. and Mrs. Marvin Miller (Margaret Barnes) of South Bay announce the birth of a daughter, Brenda Sue at the Good Samaritan hospital in

BIBLE QUESTIONS

Question—What was the Son of God like when he was with the Father in creation? Did He have a form?

Answer—We must not let the Word answer. "Let this mind be in you which was also in Christ Jesus: Who, being in the form of God, thought it not robbery to be equal with God; but made Himself of no reputation, and took upon Him the form of a servant, and was made in the likeness of men; and being found in fashion as a man, He humbled Himself, and became obedient unto death, even the death of the cross." Philippians 2:5-8.

Q.—Since Genesis 1:24 says that "Enoch walked with God; and he was not; for God took him," don't you think that Enoch was the most loved of all the Old Testament characters?

A.—Whether or not he was the most loved we cannot say. Abraham was called the "Friend of God" (James 2:23), and the prophet Elijah was translated, as Enoch had been (see 2 Kings 2:11).

Q.—Please tell me where we have the scriptural example for calling our pastors "Reverend"?

A.—The Scriptures use the word "reverend" once only, and then it is applied to God. The text is 1 Peter 1:11: "He sent redemption unto His people: He hath commanded His covenant for ever: holy and reverend is His name."

Q.—Are not the angels the souls of our loved ones who have gone before?

A.—Angels existed before anyone had ever died; therefore, they are not the souls of the dead. Read Genesis 2:24, where we are told that cherubims (angels) were placed as guards to the tree of life in Eden. And this was before Cain killed Abel.

Q.—I have had heart-ache in family affairs and much trouble. Do you consider it proper to ask for the prayers of others in such matters?

A.—While in personal matters it is generally best to maintain a becoming reticence, it is so most proper to seek help in prayer. The apostle Paul gives good advice in Philippians 4:5-7, where he says: "Be careful for nothing." By carelessness, tension, worry, sleeplessness, etc. But how are these things to be avoided when our affairs go wrong? By reading the whole passage, we find the answer: Be careful for nothing, but in every thing by prayer and supplication with thanksgiving let your requests be made known to God. Give your heart to Christ—in His keeping there is peace. He says to His friends: "Peace I leave with you. My peace I give unto you: not as the world gives, give I unto you. Let not your heart be troubled, neither let it be afraid." John 14:27.

West Palm Beach on Sept. 24. Mr. and Mrs. Leslie Swallows (Anna Margaret Patrick formerly of Bare Beach) of Military Trail announce the birth of a daughter, Frieda Diane, on September 1.

Cpl. and Mrs. Floyd Abstein (Martha Allen) of Ft. Meade, announce the birth of a daughter, Judith Eileen, on September 26 at the Palooka hospital.

Promotion Day At South Bay

Sunday was Promotion Day for the Sunday School and Baptist Training Union at the First Baptist Church of South Bay. Two new members were taken into the church, Raymond Wilder and Thomas Weathers.

Officers and Sunday School teachers were installed for the year at an impressive and beautiful candle light ceremony Sunday evening, David Lynn, pastor, officiating.

Training Union officers installed were: W. C. Allen, director; Mrs. J. Hardy, social director; Mrs. L. O. Ratley, secretary; Edwin Best, President Adult Union; David Lynn, M. D. Hardy, Mrs. F. W. Mutchler, Intermediate Union; Mrs. M. J. Hardy, Mrs. R. A. Hall, Junior Union; Helen Ratley, Mrs. W. C. Allen, Frances Prevatt, Mrs. S. M. McAllister, Story

Hour. Sunday School officers installed were: M. J. Hardy, superintendent; W. C. Allen, assistant superintendent; M. C. Vowell, secretary; David Lynn, Mens' Class; Mrs. Edwin Best, Womans' Class; M. D. Hardy, Young Peoples Class; Edwin Best and Mrs. F. W. Mutchler, Intermediate; Olga Hardy, Juniors; Mrs. M. C. Vowell, Mrs. W. M. Jeffries, Helen Ratley and Mrs. W. C. Allen, Beginners. Mrs. Maude Hatrine is pianist and Edwin Best choirist.

Study Courses opened this week in all departments each evening at the church.

a fourth of July at the Golden Eagle Bar, Haven't seen any of the fellows from home but know there are several in this area. Maybe when we quiet things down some, I will run into some of them."

Troop 22 Attends Swimming Meet

Members of the Boy Scout Troop 22 attended a swimming meet at the Club Lido Pool in Palm Beach Saturday. They also crossed Lake Worth by ferry and visited the Lake Worth Casino. John Bregger, Merle Smith

and Edmund Jameson participated in several of the swimming races. The boys were accompanied by E. C. Minnum and others attending were Lee Burke, Robert Hummel, Ernest Pate, Billy Bailey, Carl Dean and C. W. Crosby, Jr.

Residents are urged to have all waste paper and magazines ready for the scouts Saturday morning. Those who do not expect to be at home at that time may still help the scouts in their salvage drive by leaving all papers in bundles on front porch or steps.

Coast Guard SPARS can be distinguished from the Navy WAVES by the gold insignia on their collar and blue and white shield on their right forearms.

THE OLD JUDGE SAYS...

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"

"Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day."

"We folks at home have a mighty big obligation to those 10,000 fighting men. We've got to produce the food to keep them

well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the next War Loan drive over the top, Jim."

And, in addition, we must be sure that, while they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."

This advertisement composed by Conference of Alcoholic Beverage Industries, Inc.

A TOUCH OF NATURE'S GOODNESS

Down by the old mill stream... there's a touch of nature's goodness in the shade-dappled water rippling over the creaking wooden wheel—just as there's a touch of nature's goodness in every glass of sparkling sunlit JAX. Rich full body, delightful aroma and a fine creamy collar are part of the JAX tradition, too. So, next time, ask for a friendly bottle of JAX. Remember... you can't buy better beer!

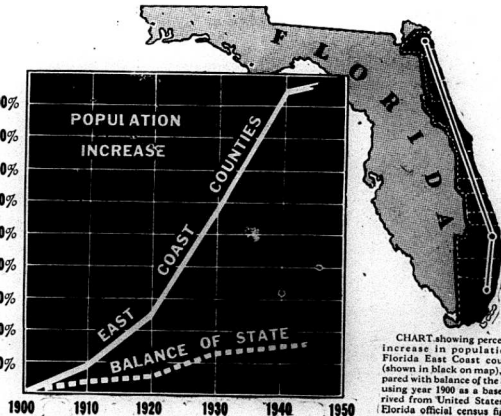

Say JAX! you can't buy better beer at any price!

JAX BREWING COMPANY, Jacksonville, Fla.

Distributed by SHELLY CONNEL, Belle Glade

THE FLORIDA COUNTRY CLUB & HOTEL, at Howey-In-The-Hills, Florida, is located in the beautiful hills and lakes section of the state. This popular year 'round resort is favored throughout the State for its big bass—here is truly a fisherman's paradise. The Club's sports golf course, white sand beach and extensive riding stables offer the finest special rates now being offered.

A Record of Steady Growth

During the past forty years the East Coast of Florida has enjoyed a period of substantial and steady growth.

Between 1900 and 1940, the population of the coastal counties served by the double track main line of the Florida East Coast Railway, increased 940 per cent. During the same period the population of the rest of Florida increased 157 per cent.

The Florida East Coast Railway aided that remarkable development in various ways—by advertising the advantages of the East Coast of Florida, by making this section of Florida one of the easiest to reach. Its trains frequently brought thousands of visitors daily, many of whom eventually became permanent residents.

The ability of this double track railroad to handle a huge volume of extra traffic has made it possible for the East Coast of Florida to continue to progress during the war. After the war there is every indication that this favorable trend will continue upward.

Due to current military traffic demands, the Florida East Coast Railway can now accommodate only a limited volume of civilian travel to and from Florida.

When more normal conditions return, this adequate double track railroad will be ready to promptly meet the needs of new gains in tourist volume, in population and in industrial development.

GLADES MOTOR LINES, INC.

"SERVING THE GLADES"

Telephone Lines to the Front

Keeping step with the fast advancing war fronts all over the world are the telephone lines of communication. These lines are vital to military and naval operations and as the war fronts expand, vast amounts of additional wires, cables, switchboards and telephones are urgently needed.

Even when an invasion force wins, it loses vast stores of additional communication equipment. That is one price of victory. This is why there are shortages of all kinds of telephone equipment over here and why so many people are waiting for telephone service.

The best possible use is being made of the equipment we have, but there will necessarily continue to be waiting lists for service until the war is won and manufacturing plants have time to convert from war production and catch up with the backed-up demands for equipment.

We'd like those who must wait for a telephone to know that we shall continue to do everything possible to shorten that time.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY
INCORPORATED

Fund Raising For Paralysis A Success

Jacksonville—Florida raised a net total of \$146,336.40 in the 1944 infantile paralysis campaign, according to the report of May 31, Paul E. Reinhold, Florida state chairman for the National Foundation for Infantile Paralysis, announced today.

"This is by far the largest contribution ever made by Florida to this cause," Reinhold said, showing an increase of \$91,894.06 over that of the previous year, or a jump of 169 per cent. "Cost of collection this year amounted to only \$22,337, or 1 1/2 per cent, compared with 2.36 per cent last year. We were highly commended for our record of collection last year and, of course, are very grateful that we were able to reduce even that little amount this year.

The generosity of Florida citizens and the military stationed here, the highly efficient work of our county chairmen and their assistants, and the splendid picture theatres, is very gratifying in view of the demand for funds to combat the greatly increased number of infantile paralysis cases this year. This condition was foreseen, and I am happy to be able to report that the emergency has been met," Reinhold stated.

FLA. POWER & LIGHT

Continued from page 1
approximately 6 miles long. It will embrace the newest and most modern features of construction to strengthen even further the dependability of the service.

Features of the most modern design will be incorporated in the construction of the line to minimize still further the effects of any possible line trouble. Such features include suspension type insulators and high-speed oil circuit breakers controlled by carrier current relays.

Construction work will be pushed just as rapidly as manpower and the materials are available, but should be completed in the next few months. Mr. DeMoya in pointing out that service would be greatly improved throughout the Glades area, said the line would also provide sufficient power for the tremendous anticipated growth of the Glades district.

This is the largest construction job for the Company since Pearl Harbor. A number of important short connections have been made as the arduous process of the nation turned to Florida overnight, into a vast military camp and heavy demands for service were made by them. It is the Company's proud boast that no military establishment has

had to wait one moment for service; it was always ready when asked for, and usually before that. Three considerations brought about the decision to construct the new line at the present time, said Mr. DeMoya. One was the natural desire of the company to improve service to the Glades area and to bring the service to the highest possible point of dependability. A second was the belief of the company officials that the growth of the Glades area would be tremendous in coming years and hence could not be served by less than the direct connection with the huge Lauderdale Steam plant.

The third consideration was the vast expansion of the Glades in the past decade, a growth which created many problems accentuated by the war. Mr. DeMoya pointed out that in 1932-33, some 4900 carloads of vegetables and other crops were shipped from the Glades area, while in the season just closed the total was close to 16,000. Florida Power & Light Company was serving 540 customers in the Glades area in 1932. Now serves over 2,000 customers. The power used in 1944 was more than seven times that used in the area in 1933. Since 1940, the load in the area has increased more than 33 per cent.

"We had hoped that the building of this important line might be done as a part of our post-war expansion, when materials and labor would be less critical," said Mr. DeMoya, "but the expanding demands for dependable power in this very important food production center had to be met now as a necessity of war."

RAOUL'S VISIT

(Continued from page one)
fruit and vegetable section of OPA, have been advised that the proposed October ceiling on cucumbers and snap beans will be revised upward, according to LaMonte Gray, manager of the Florida Vegetable Committee.

"If the revised ceiling is not satisfactory, appropriate legal action will be taken," Gray said. "We still maintain the October ceiling is illegal by reason of OPA's failure to comply with regulations requiring advance notice 15 days prior to planting season."

The proposed October ceiling on cucumbers was \$2.10 per bu. and on snap beans, \$2.70 per bushel. Vegetable industry meetings with OPA, on ceiling for celery, tomatoes, snap beans, cucumbers, potatoes, lima beans and other commodities will be held during October, according to OPA announcement. Florida Vegetable Committee officials plan to be present at all sessions.

The Texas group has recommended a ceiling of \$5.05 on tomatoes. Kindrick indicated doubt as to its adoption. Seconomic Stabilizer Vinson has rejected the recommendation of OPA and the War Food Administration that price ceilings be revised upward to allow for crop disaster up to 25 per cent.

No substitute solution is in sight. Luther L. Chandler, vegetable grower and shipper of Goulds, Fla., and vice chairman of the Florida Vegetable Committee, is

attending an executive session of OPA officials in Washington this week as the sole representative of the entire nation's foodstuffs, from the standpoint of growers and shippers.

Too Late To Classify

By
RUSSELL KAY

Hold your horses, the elephants are coming—I can remember the thrill I used to get out of that morning in the good old days when circus parades were popular.

Elephants may not be forming for a circus parade but they are appearing with ever increasing frequency in newspaper cartoons and headlines. For the past 12 years America's political "elephant" has been kicked and buffeted around until it is hardly necessary to warn folks to "hold their horses." He is pictured with boney frame and with generous scars and some folks have reached the opinion that there "just ain't no such animal."

However, he has been in the hands of energetic trainers of late and appears to be getting fat and sleek again. Florida, not being on the regular itinerary,

doesn't see or hear much of him, but he is doing a right smart of trumpet and getting about in other parts of the country.

A review of leading newspapers from other states together with figures released by the Gallup poll all seem to indicate that the old G. O. P. elephant is very much alive. Reaction to the Dewey presidential campaign is very favorable and it begins to look as though the Democratic donkey would have to get his nose out of the feed bag and lean against his harness if he wants to retain title to the comfortable White House stool.

With political winds blowing in their favor, Republicans are perking up everywhere. While they have shown little activity in Florida, I am informed they will conduct an energetic campaign from now on. Bert L. Aker, Miami seeking the Governorship, is already active and is mailing literature far and wide. Miles Draper, Tampa Attorney who will oppose Claude

Pepper in the general election is not asleep and reports from several sections of the state indicate a strong vote, if not enough to win, at least substantial enough to give the Junior Senator cause for "alarm." He may find it necessary to quit talking for Mr. Roosevelt and return home and talk some more about himself.

In the Fifth Congressional District, young, aggressive Emory Akerman, son of Judge Alexander Akerman, is out after Little Joe Hendricks' scalp. While he has not begun an active campaign yet, he has achieved considerable publicity, most of it, being of a non-political nature in connection with civic and municipal affairs, water conservation and other activities and I am informed he plans an active campaign from now on.

It is difficult for Democratic

mind Florida to get excited over the activities of Republican candidates and in view of this fact little attention is being paid to them this time, but apparently have a way of upsetting when you least expect it and with the trend of the national Democratic organization toward the left and its linking up with such groups as the C. I. O., Browder's Communist Party and notorious political bosses like Pendergast, Daniel Tobin, Sidney Hillman, Kelly of Chicago, Hague of New Jersey and others a lot of lifelong, good southern Democrats are sufficiently disturbed in heart and mind to desert the party they feel has deserted them and even vote Republican just for spite.

Many Republican and some anti-new deal Democrats will tell you that Florida may go Republican this election but it is

patently wishful thinking, however, there is a lot of feeling evidenced; more than most people realize and while it is my belief that Florida will remain in the Democratic column, it won't be by any landside.

The old song "A two-party system would be helpful to Florida, bringing her attention and favors from both parties" is being used by Bert L. Aker with considerable effect for it makes sense and a lot of thinking voters realize it. The greatest handicap the Republican party in Florida has to overcome is the defeatist attitude and indifference of those in its own ranks.

The trouble is a group of selfish leaders want to keep the party down on the chance that a national victory will put them in the saddle and the power of patronage will then rest in their hands. It has worked that way

in the past and if the party ever became in power in the state, this delightful little political playhouse would be broken up. But there will be a lot more Republican votes than there are "registered" Republicans in Florida at the next election, you can count on that and Dewey delegates will find plenty of cross marks in their column before sunset November 7th.

In the early days of World War II a Coast Guard captain achieved the enviable all-time record of guiding 18 convoys through the North Atlantic in two years without losing a single ship.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.
